

COME ON, IMELDA
Ron Lynch Chalice 4-25-86

I don't want to rule the world
just my little corner
since we're surrounded by the ocean
we don't have to watch our borders

CHORUS:

Come on, Come on, Imelda
You don't have to sing the blues
I will buy you some new shoes
Come on, Come on, Imelda
and help me run the country for a while

I'm a little bit concerned
about how to live in our old age
we'll take a dollar here, a dollar there
from our Uncle's foreign aid

CHORUS

Somebody wants to have elections
they say I'm doing it all wrong
well they'd better have protection
before they'll sing a victory song

CHORUS

Dear, I can't believe what's happened
They've gone and kicked us out
But we can move to Honolulu
So there's no need to pout

CHORUS
