

HOLD THE DREAM

Ron Lynch Chalice 4-19-86

CHORUS 1:

We don't play top forty
We don't wear designer jeans
and we don't write computer programs
for IBM

CHORUS 2 (Interwoven with chorus 1):

Hold on to your dreams,
You've got to hold on to your dreams
Hold tight to your dreams
Life's more than it seems

Have you ever really wondered
What you'd be doing if you weren't doing
What your doing now?
Do you ever get the feeling
That life got away from you some how?

Do you ever wish that you could take a step back
Do you ever wish you had a chance
to take a little different track

CHORUSES

Have you fought all your life
To get some place
And you don't really know where you are
How many times
have you tabled your dreams
because you thought it might be going to far

Do you ever wish that you could take a step back
Do you ever wish you had a chance
to take a little different track

CHORUSES

Have you ever thought that
when you got where you were going
that you'd left something major behind?
And then realized that
what you'd forgotten
was an important part of your mind

Do you ever wish that you could take a step back
Do you ever wish you had a chance
to take a little different track
