

Just Right Size
Ron Lynch Chalice 3-12-95

You're the just right size for handholding
The just right size for a walk
The just right size for a piggy back ride
The just right size for a talk

You're the just right size for adventure
the just right size for a hug
the just right size for an evening
with a fire and a fuzzy bear rug.

you're the just right size for my thinking
when we're a couple of miles apart
the just right size for the crook of my arm
and the just right size for my heart.
