I live in a cement house
with cement sidewalks too
a cement world for you
and I don't like it
and I don't like it

I go to a cement school
with cement teachers too
and cement things to do
but we're not learning
'bout money earning

I sleep in a cement bed
and use a cement head
a cement place to sit
that gives me blisters
and bugs my sisters

I live in a cement house
with cement sidewalks too
a cement world for you
and I don't like it
and I don't like it
