

**LONESOME COWBOY**  
**Ron Lynch Chalice 5-5-86**

Been out on the range since three weeks ago Tuesday  
Sleepin' on the rocks undreneath the stars  
Dreamin' 'bout bein' in town on Saturday  
at Jerry Jim Bob's country/western bar

**CHORUS:**

I've been so sad since you've been away love  
You've broken a heart that was so true  
You're gone but you'll never be forgotten  
'Cause darlin' I'm still in love with EWE

How could you go and leave me so heartless  
How could you go and leave me so cold  
I can't believe I could be so smartless  
and that I'll be alone when I'm old

**CHORUS**

Been lookin' for you so long and hard dear  
Been up the mountains, down the river gorge  
I was sure that you would always be faithful  
like my dear Aunt Martha's trusty old norge
