

Me 'n' Angelo
Ron Lynch Chalice 6-16-93

Me n Angelo, were best friends at ten,
fightin' over Darth Vader swords
Now Ange's in the ground and I'm sittin in the pen,
I shot him one day 'cos I was bored.

Now me, I had a .32 I got from my mom,
she said it might help in school
I don't know who she thought she was protectin' me from
Or if she just wanted to help me be cool

CHORUS:
My lawyer figured eight-to-ten, out in five or six
All in all, a pretty easy hitch
Nobody thought I'd be sittin' here today, especially me
Sweet Jesus, don't pull that switch.

Ange never really made me mad,
just aggravated sometimes
He was always hangin' out sometimes I didn't want him there
'Specially when I was dealin' them lines

Ya see Ange was a good kid
Ya see Ange coulda gone somewhere
Ya see I ended it all in a second
I can still see the blood in his hair.

Me'n'Angelo grew up together,
sharin' all of our dreams
Now Ange's in the ground, and I'm gonna burn
'cos of drug dealin' money makin' schemes
