

## **STERILE WORLD**

**Ron Lynch Chalice 6-68 as 'A Song for LLS' Revised and Retitled 5-15-86**

Tied in a sterile world  
No more free than a straight hair curled  
Understanding is our roadblock  
My life isn't your life  
So we parted

I sing a song to make a living  
But how I miss the love you were giving  
I think it was love  
I hope it was love  
I hope

Perhaps we'll someday be together  
maybe soon, or maybe never  
I want it soon  
I dream on  
But we parted

So I'll leave you a message  
From deep in my heart  
I love you, I love You
