

Stiff Drink and a Young Blonde
Ron Lynch Chalice 4-19-86

I spend my nights on stage and my days in bed
The IRS is after my head
I put my whole life in a five hour show
Then it's load the truck and hit the road

CHORUS:

I need a stiff drink and a young blonde
To help me through this night so long
I need a stiff drink and a young blonde
(scat)

My relationships don't last too long
But they make a basis for a damn good song
I never know where I'm gonna be
Every town looks the same to me

CHORUS

BREAK

CHORUS

It's hard to avoid the doom and gloom
When my only home is a hotel room
Click on the tube, there's no where to go
Switch the channel to HBO.
