

Visions of You
Ron Lynch Chalice 7-30-93

Waking up beside you really brightens my day
a new perspective, something good to say
your groggy or snoozing when I make it to bed
when you get up I still have dreams in my head
Even though we're different in many ways
Waking up beside you really brightens my day

CHORUS:

Visions of you, sometimes hazy,
Visions of you, sometimes lazy.
When I open my eyes
and see you at my side
It makes me feel all warm and crazy

Walking beside you makes me feel proud
I'm up in the sky, my feet in the clouds
The life in your eyes, the breeze in your hair
make me feel that I'm walking on air
some times we're so different, like quiet and loud
but walking with you makes me feel proud

CSECT:

I you could see what I see
when you look in your glass
You'd smile the way I do
when I pat you on the ass

Sometimes it's nice, just to hold hands
no fireworks, rockets, or marching bands
making love has its moments, I won't deny
intense explosions, the fire and ice
being together, through time's drifting sands
Sometimes it's nice, just to hold hands
