

Want to Know You
Ron Lynch Chalice 12-00

I really want to know you
not what you do, but who you are
what's your favorite constellation
when you're wishing on a star

I really want to know you
About your laughter and your pain
Your fav'rite recipes and poets
Do you like dancing in the rain?

I really want to know you
are you silly? are you smart?
are you vain or very modest
and how big is your heart

I really want to know you
About your hunger and your thirst
Yea, I Really want to know you
But I have to know me first
