

YOU THINK YOU'RE IN LOVE
Ron Lynch Chalice (Nov 1985, Revised 19 Apr 1986)

CHORUS:

Love, Love, Love (You think your in)
Love, Love, Love (You think your in)
Love, Love, Love, Love, Love

You've got a smile on your face like I've never seen before
I tried to make you happy, but you always wanted more
Your friends tell me there's a new man you've been hanging around Who treats you nice, and
takes you out on the town

CHORUS

I try to call you, but you never answer your phone
I drive by your house but I never catch you at home
I tried to stop you on the street just the other day
But you turned you back and then you quickly walked away

CHORUS

BREAK

CHORUS
CHORUS

I've got so much to say to you if I could ever get you alone
I love you so much I'd do anything to get you home
I know you're new friend drives around in a fancy car
He gives you all the promises
says he'll make you a star

CHORUS until fade
